1. Aims

The aims of our first aid policy are to:

- › Ensure the health and safety of all staff, pupils and visitors
- › Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- › Provide a framework for responding to an incident and recording and reporting the outcomes

2. Legislation and guidance

This policy is based on advice from the Department for Education on [first aid in schools](#), [health and safety in schools](#) and [actions for schools during the coronavirus outbreak](#), and the following legislation:

- › [The Health and Safety \(First Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- › [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- › [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- › [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- › [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- › [The Education \(Independent School Standards\) Regulations 2014](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

3. Roles and responsibilities

Dependent upon an assessment of first aid needs – employers must usually have a sufficient number of suitably trained first aiders to care for employees in case they are injured at work. However, the minimum legal requirement is to have an ‘appointed person’ to take charge of first aid arrangements, provided your assessment of need has taken into account the nature of employees’ work, the number of staff, and the location of the school. The appointed person does not need to be a trained first aider.

3.1 Appointed person(s) and first aiders

Felixstowe International College has three appointed persons with differing roles.

The Deputy Principal is responsible for:

- Taking charge when someone is injured or becomes ill
- Ensuring that an ambulance or other professional medical help is summoned when appropriate
- Informing the officer when an incident needs to be reported to HSE

The main House Mother is responsible for:

- Ensuring there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits on a regular basis
- The Registrar is responsible for:
- Reporting to the HSE when required [refer to Accident/Incident

First aiders are trained and qualified to carry out the role and are responsible for:

- Acting as first responders to any incidents
- Assessing the situation where there is an injured or ill person
- Giving immediate and appropriate help to casualties with common injuries or illnesses and those arising from specific hazards at school
- When necessary, ensuring that an ambulance or other professional medical help is called
- Sending pupils home to recover, where necessary
- Filling in an accident report on the same day, or as soon as is reasonably practicable, after an
- Keeping their contact details up to date

Our school’s appointed persons are listed in appendix 1. Their names will also be displayed prominently around the school.

3.2 The governing board

The governing board has ultimate responsibility for health and safety matters in the school, but delegates operational matters and day-to-day tasks to the headteacher and staff members.

3.4 The headteacher

The headteacher is responsible for the implementation of this policy, including:

- Ensuring that an appropriate number of appointed persons and/or trained first aid personnel are present in the school at all times
- Ensuring that first aiders have an appropriate qualification, keep training up to date and remain competent to perform their role

- Ensuring all staff are aware of first aid procedures
- Ensuring appropriate risk assessments are completed and appropriate measures are put in place
- Undertaking, or ensuring that managers undertake, risk assessments, as appropriate, and that appropriate measures are put in place
- Ensuring that adequate space is available for catering to the medical needs of pupils
- Reporting specified incidents to the HSE when necessary (see section 6)

3.5 Staff

School staff are responsible for:

- Ensuring they follow first aid procedures
- Ensuring they know who the first aiders in school are
- Completing accident reports (form kept in the main office) for all incidents they attend to where a first aider or appointed person is not called
- Informing the headteacher or their manager of any specific health conditions or first aid needs

4. First aid procedures

4.1 In-school procedures

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents
- If emergency services are called, the Deputy Principal or Principal will contact parents immediately
- The first aider/relevant member of staff will complete an accident report form on the same day or as soon as is reasonably practical after an incident resulting in an injury

During coronavirus: first aiders will follow Health and Safety Executive (HSE) guidance for [first aid during coronavirus](#). They will try to assist at a safe distance from the casualty as much as possible and minimise the time they share a breathing zone. Treating any casualty properly will be the first concern. Where it is necessary for first aid provision to be administered in close proximity, those administering it will pay particular attention to sanitation measures immediately afterwards including washing their hands.

4.2 Off-site procedures

When taking pupils off the school premises, staff will ensure they always have the following:

- A school mobile phone
- A portable first aid kit
- Information about the specific medical needs of pupils
- School contact details

Risk assessments will be completed by the member of staff organizing the trip prior to any educational visit that necessitates taking pupils off school premises.

Outings will only be undertaken if it is safe to do so.

There will always be at least 1 first aider on school trips and visits.

During coronavirus: we will take account of any government advice in relation to educational visits during the coronavirus pandemic.

5. First aid equipment

A typical first aid kit in our school will include the following:

- A leaflet with general first aid advice
- Regular and large bandages
- Eye pad bandages
- Triangular bandages
- Adhesive tape
- Safety pins
- Disposable gloves
- Antiseptic wipes
- Plasters of assorted sizes
- Scissors
- Cold compresses
- Burns dressings

No medication is kept in first aid kits.

First aid kits are stored in:

- The medical room
- House Parents accommodation
- Science Room
- Art room
- The school kitchen
- Staff room

6. Record-keeping and reporting

6.1 First aid and accident record book

- An accident form will be completed by the relevant member of staff on the same day or as soon as possible after an incident resulting in an injury
- The accident book is kept in the main office
- As much detail as possible should be supplied when reporting an accident. If more space is needed, the accident form at appendix 2 should be used as well as the accident book

- A copy of the accident report form will also be added to the pupil's educational record by the school secretary
- Records held in the first aid and accident book will be retained by the school for a minimum of 3 years, in accordance with regulation 25 of the Social Security (Claims and Payments) Regulations 1979, and then securely disposed of

6.2 Reporting to the HSE

The Deputy Principal will keep a record of any accident which results in a reportable injury, disease, or dangerous occurrence as defined in the RIDDOR 2013 legislation (regulations 4, 5, 6 and 7).

The school secretary will report these to the Health and Safety Executive as soon as is reasonably practicable and in any event within 10 days of the incident.

Reportable injuries, diseases or dangerous occurrences include:

- Death
- Specified injuries, which are:
 - Fractures, other than to fingers, thumbs and toes
 - Amputations
 - Any injury likely to lead to permanent loss of sight or reduction in sight
 - Any crush injury to the head or torso causing damage to the brain or internal organs
 - Serious burns (including scalding)
 - Any scalding requiring hospital treatment
 - Any loss of consciousness caused by head injury or asphyxia
 - Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness, or requires resuscitation or admittance to hospital for more than 24 hours
- Injuries where an employee is away from work or unable to perform their normal work duties for more than 7 consecutive days (not including the day of the incident)
- Where an accident leads to someone being taken to hospital
- Near-miss events that do not result in an injury, but could have done. Examples of near-miss events relevant to schools include, but are not limited to:
 - The collapse or failure of load-bearing parts of lifts and lifting equipment
 - The accidental release of a biological agent likely to cause severe human illness
 - The accidental release or escape of any substance that may cause a serious injury or damage to health
 - An electrical short circuit or overload causing a fire or explosion

Information on how to make a RIDDOR report is available here:

[How to make a RIDDOR report, HSE](http://www.hse.gov.uk/riddor/report.htm)
<http://www.hse.gov.uk/riddor/report.htm>

6.3 Notifying parents

The Deputy Principal will inform parents of any accident or injury sustained by a pupil, and any first aid treatment given, on the same day, or as soon as reasonably practicable.

6.4 Reporting to Ofsted and child protection agencies

The Principal will notify Ofsted of any serious accident, illness or injury to, or death of, a pupil while in the school's care. This will happen as soon as is reasonably practicable, and no later than 14 days after the incident.

The Principal or DSL will also notify the LADO or Customer First of any serious accident or injury to, or the death of, a pupil while in the school's care.

7. Training

All school staff are able to undertake first aid training if they would like to.

All first aiders must have completed a training course, and must hold a valid certificate of competence to show this. The school will keep a register of all trained first aiders, what training they have received and when this is valid until (see appendix 3).

Staff are encouraged to renew their first aid training when it is no longer valid.

This policy is shared with all staff and additional training will be in place if required (for example EpiPen training if a student enrolls at the college who needs this as part of their medical plan).

8. Monitoring arrangements

This policy will be reviewed by the Principal and Chair of Governors every two years.

At every review, the policy will be approved by the Principal and Chair of the Governors.

9. Links with other policies

This first aid policy is linked to the

- Health and safety policy
- Risk assessment policy
- Policy on supporting pupils with medical conditions
- Medication policy

Appendix 1: list of appointed persons

STAFF MEMBER'S NAME	ROLE	CONTACT DETAILS
Seung-Jin (Peter) Kim	Proprietor	07926 485881
Chaerin Lee	Deputy Principal	07540 310889
Joyce Jennings	House Mother	07952 599773
Erin Simpson	Teacher	07774 680955

Appendix 2: accident report form

NAME OF INJURED PERSON		ROLE/CLASS	
DATE AND TIME OF INCIDENT		LOCATION OF INCIDENT	
INCIDENT DETAILS			
Describe in detail what happened, how it happened and what injuries the person incurred			
ACTION TAKEN			
Describe the steps taken in response to the incident, including any first aid treatment, and what happened to the injured person immediately afterwards.			
FOLLOW-UP ACTION REQUIRED			
Outline what steps the school will take to check on the injured person, and what it will do to reduce the risk of the incident happening again			
NAME OF PERSON ATTENDING THE INCIDENT			
SIGNATURE		DATE	

Appendix 3: first aid training log

NAME/TYPE OF TRAINING	STAFF WHO ATTENDED	DATE ATTENDED	DATE FOR TRAINING TO BE UPDATED (WHERE APPLICABLE)
Safe Haven Emergency at work first aid	Joyce Jennings	09 May 2025	Before 08 May 2028
Safe Haven Emergency at work first aid	Chaerin Lee	09 May 2025	Before 08 May 2028
St John Ambulance First Aid Emergency first aid at work	Seung-Jin (Peter) Kim	30 November 2022	Before 29 November 2025
Pro Trainings.uk Part one of Paediatric First Aid Level 3 (VTQ) Training	Erin Simpson	28 th August 2023	Before 27 th August 2026
